

# *RACOM Network Users Group (RNUG) Fall Meeting 2005*

December 8, 2005 (Thursday)  
8:45 a.m. – 9:45 rolls and coffee  
9:45 a.m. - 3:00 p.m. meeting  
RACOM Corporation  
[\(click here for directions\)](#)

## *Featured Topics:*

### **New Users:**

- Civil Air Patrol
- Iowa HLSEM
- Iowa State Patrol Dispatch Centers
- IDPH
- All Iowa Hospitals
- All Iowa Local Public Health Agencies
- LEIN (Law Enforcement Intelligence Network)
- Iowa Dept. of Agriculture
- Cedar Rapids USAR

### **Interoperability:**

The potential for interoperability among agencies has grown considerably. We'll develop a strategy and procedures for establishing communication between/among agencies using a shared, or set of shared talk groups. We'll conclude the meeting with user guidelines for immediate implementation.

### **LID Directory:**

We'll discuss creating a directory of LIDS that can be published and shared. The directory would enable users to reach each other via I-calls (individual/private calls) if and when needed.

### **Broadband Mobile Data Update:**

We'll provide an introduction to what agencies are doing with super-fast data, why they're doing it and how.
